

Boulder Hockey Shield Zero mask mounting instructions and Infinity chin cup adjustment. Note: You'll need to skate few times before your eyes fully track through the media of the lens. To clean the lens use a drop or two of dish liquid on wet sponge. Wet lens clean and rinse thoroughly. Towel dry. The combination anti-fog coating and scratch resistant coatings both sides of the lens and the mask design with convection airflow will give you a beautiful fog-free view of hockey.

<p>Description</p> <ol style="list-style-type: none"> <li>1. Mounting clips face up. Screws included fit into the posts inside the front of the helmet.</li> <li>2. Snap buckle affixes to the male posts on both sides of the helmet.</li> </ol>
